4. REQUIREMENTS FOR ACCREDITATION AND RE-ACCREDITATION AS A TRAINING OFFICE

- 4.1. The main objective of accrediting a training office is to allow that office to train prospective CAs(SA) and AGAs(SA).
- 4.2. SAICA will consider and determine:
 - 4.2.1. whether or not to accredit an organisation that has applied for accreditation;
 - 4.2.2. the accreditation period, i.e. the duration of the accreditation of the training office;
 - 4.2.3. the accreditation quota, i.e. the maximum number of trainee accountants that an accredited training office is allowed to employ;
 - 4.2.4. in relation to the 2016 training programme, the elective(s) that the training office may offer (a training office may assign its trainee accountants to an elective according to its needs, within the limitation of the accreditation quota);
 - 4.2.5. in relation to the CA2025 training programme, whether the training office is an Audit and Assurance training office;
 - 4.2.6. whether or not to increase the accreditation quota if so requested by a training office, on the prescribed form; and
 - 4.2.7. whether or not to continue to accredit a training office.
- 4.3. In order to be accredited, a prospective training office must meet or largely meet the accreditation criteria as prescribed by SAICA from time to time (refer to Annexure 2).
- 4.4. A training office (whether prospective or currently accredited) must:
 - 4.4.1. demonstrate that it is economically sustainable and in the case of organisations where trainees gain exposure based on allocation to client assignments, that it has an existing client base that will enable it to provide the prescribed range and depth of experience to prospective or current trainees;
 - 4.4.2. demonstrate a commitment to provide the requisite range and depth of experience for prospective CAs(SA) and AGAs(SA)
 - 4.4.3. provide adequate structures/facilities to appropriately supervise, guide, develop and assess trainees within a supportive learning environment, at all times, whether in-person or remotely, albeit that the trainees may from time to time be required to perform their duties at another entity/branch/unit of the training office;
 - 4.4.4. comply with all the provisions of these Regulations relating to accreditation; and
 - 4.4.5. where applicable, comply with any additional requirements to be recognised as an Audit and Assurance training office on the CA2025 training programme.
- 4.5. A training office remains accredited for a period as determined by SAICA from time to time.
- 4.6. Continued accreditation is dependent on the office demonstrating, to SAICA's satisfaction, through a process of re-accreditation visits that it continues to meet the accreditation criteria contained in Annexure 2.
- 4.7. The degree of risk in determining the risk rating of a training office is determined taking into account:
 - 4.7.1. Findings from the latest re-accreditation visit;
 - 4.7.2. Number of and reasons for training contract cancellations in the last 12 (twelve) months;
 - 4.7.3. Number of and reasons for training contract extensions in last 12 (twelve) months;
 - 4.7.4. Number and nature of any trainee accountant complaints received in the last 12 (twelve) months;
 - 4.7.5. Response rate to trainee questionnaires;
 - 4.7.6. Responses to trainee questionnaires and the trainee exit survey;

- 4.7.7. Performance of trainees in the SAICA APC examination; and
- 4.7.8. Any other information that SAICA is aware of that suggests that the training programme may not be adequate, effective, efficient and consistent.
- 4.8. No specific weighting is attached to any of the factors listed at 4.7 in determining the office's risk rating. The determination of the risk rating at any point in time rests with SAICA.
- 4.9. No organisation will be excluded from accreditation solely on the grounds of size or sector.
- 4.10. Should a training office receive a very high risk rating:
 - 4.10.1. the quota will be decreased to the number of active trainees in the office at the time the very high risk rating was received; and
 - 4.10.2. where concerns relate to the assessment process, the training officer and all assessors in the training office will be required to attend the annual SAICA assessment refresher and update training and all trainee accountants will be required to attend the SAICA trainee assessment workshop.

5. LAPSE OR CANCELLATION OF ACCREDITATION

- 5.1. Accreditation lapses automatically if there are no active trainee accountants registered in a training office for a continuous period of 12 months, after which the organisation will have to re-apply for accreditation if it wishes to employ trainee accountants in the future.
- 5.2. In relation to the 2016 training programme, accreditation for a particular elective lapses automatically if there are no active trainee accountants registered for that elective in a training office for a continuous period of 12 months, after which the organisation will have to re-apply for accreditation for the elective if it wishes to register trainee accountants for that elective in the future.
- 5.3. In relation to the CA2025 training programme, accreditation as an Audit and Assurance training office will lapse if the training office no longer meets the additional requirements for accreditation as an Audit and Assurance training office.
- 5.4. SAICA may de-accredit a training office that fails to comply with the Training Regulations.
- 5.5. In the event that a training office achieves "Very High" risk ratings for two successive re-accreditation visits, the office may be de-accredited.
- 5.6. A training office that has been de-accredited by SAICA may not apply for accreditation for 12 (twelve) months from the date of de-accreditation. This does not apply in the case of de-accreditations referred to in Regulations 5.1 and 5.2.
- 5.7. A moderation visit will be conducted as part of the de-accreditation process. The de-accreditation will only be finalised once the moderation visit has been completed.

Training Office Mentorship Programme

- 5.8. Notwithstanding the provision in Regulation 5.4, SAICA may, at its discretion, make participation in a SAICA Training Office Mentorship Programme available to the training office.
- 5.9. The Mentorship Programme may also be a condition of accreditation for offices which SAICA believes require additional assistance at the time of being accredited.
- 5.10. The Mentorship Programme will be for a maximum period of 9 (nine) months and the training office will be responsible for all direct and indirect costs associated with this programme.
- 5.11. Should a training office refuse to actively participate in the Mentorship Programme or achieve a risk rating of "Very High" following the completion of the Mentorship Programme, the office will be summarily de-accredited by SAICA. SAICA's decision in this regard will be based on the nature and

extent of the shortcomings identified during the visit conducted after conclusion of the Mentorship Programme.

6. MISREPRESENTATION REGARDING ACCREDITATION

- 6.1. It is a punishable offence for a non-accredited organisation to employ a prospective trainee accountant or to misrepresent itself to a prospective trainee accountant as a training office.
- 6.2. It is a punishable offense for an accredited training office to employ a prospective trainee accountant if it does not have sufficient accreditation quota to accommodate the prospective trainee accountant.
- 6.3. Contravention of this Regulation is considered to be punishable conduct and will be dealt with in terms of the SAICA By-laws.

- 7.5. There must be a CA(SA) actively involved in the training programme at each accredited training office.
- 7.6. The training officer must be available for the duration of an accreditation or re-accreditation visit at each accredited training office for which he is responsible. If a site visit is conducted, the training officer must be physically present for the visit.

- 7.8. The person registered as a training officer must:

- 7.10. Where there is a change in training officer, the new training officer must meet the requirements to be registered by SAICA as an assessor, within 6 (six) months from the date of appointment as a training officer.
- 7.11. The training officer should be sufficiently senior and experienced to be able to enforce the provisions and requirements of the Training Regulations within the training office and there must, accordingly, be direct reporting lines and clear communication lines between the training officer and executive management.

- 7.12. SAICA may refuse to register a person as a training officer, or may cancel a person's registration as a training officer, if such person has been found guilty by a committee of SAICA of any offence in terms of the By-laws or the Code of Professional Conduct, or, where applicable, has been found guilty of improper conduct by a committee of the IRBA.

8. DUTIES OF A TRAINING OFFICER

- 8.1. The training officer must fulfil his duties and responsibilities as set out in Annexure 3 of these Regulations.

9. RESPONSIBILITIES OF EXECUTIVE MANAGEMENT IN RESPECT OF THE SAICA TRAINING PROGRAMME

- 9.1. Although a training officer is required to carry out the duties ascribed to him in these Regulations and the SAICA By-Laws, he is not solely responsible for the training of trainee accountants employed at the training office.
- 9.2. The training of trainee accountants employed at the training office is the joint responsibility of the entire management of that training office.
- 9.3. Senior managers, partners or directors or an authorised person must:
- 9.3.1. immediately notify SAICA of an imminent change in the circumstances that could affect the training of trainee accountants at an accredited training office; and
- 9.3.2. if relevant, appoint and register a replacement training officer on the prescribed form, as soon as possible.

10. LIABILITY FOR FEES AND REIMBURSEMENT IN RESPECT OF SUCH FEES

- 10.1. A training office, through its training officer, is liable for payment to SAICA of all fees (including late lodgement fees) in respect of the training contract, as prescribed by SAICA from time to time.
- 10.2. Late lodgement fees are payable by the training office for each month or part thereof that the lodgement of the requisite documents was overdue, calculated from the day following expiry of the due date for the submission of the said document/s.
- 10.3. Excessively late lodgement may be regarded as punishable conduct and will be dealt with in terms of the SAICA By-laws.
- 10.4. The training office may require a trainee accountant whose training contract has been cancelled to reimburse the training office, on a pro-rata basis for the remainder of the training contract period, in respect of disbursements actually made by the training office to SAICA and/or the IRBA in terms of paragraph 4.1.9 of Appendix 4 of the SAICA Bylaws relating to the Disciplinary Code and Procedures;
- 10.5. The disbursements referred to in Regulation 10.4 relate only to those for the original cancelled training contract period and only to those for which the training office has not received a credit from SAICA.
- 10.6. It is a contravention of SAICA's By-laws, and may be deemed to be punishable conduct, for a training officer to require a trainee accountant to reimburse the training office in respect of any disbursements not referred to in Regulation 10.4.
- 10.7. Any other claim which the training office may have against the trainee accountant in terms of the employment contract for study loans and/or bursaries paid by the training office may be enforced by relying on the provisions of the employment contract.

11. DUTIES AND RESPONSIBILITIES OF A TRAINEE ACCOUNTANT

- 11.1. The trainee accountant must fulfil his duties and responsibilities as set out in Annexure 3 of these Regulations.

13. CONDITIONS OF EMPLOYMENT AND THE EMPLOYMENT CONTRACT

- 13.1. Training offices are entitled to specify their own criteria for recruitment as well as terms and conditions of employment for trainee accountants (including requirements for in-person and/or remote work) within the ambit of applicable legislation and these Regulations.

- 13.3. The training office may not include as part of the conditions of employment, the requirement that the ITC or the APC be *passed* as a prerequisite for a trainee accountant to continue with his training contract. The training office may only require a trainee accountant to *write* the ITC or the APC and/or participate in the Professional Programme if the training office has paid for this.
- 13.4. Notwithstanding the provisions of Regulations 14.1.2, the training office may include as part of its conditions of employment, the requirement that the trainee accountant must be enrolled for an accredited post-graduate qualification as a prerequisite for a trainee accountant to continue with his training contract.
- 13.5. The training office also may include as part of the conditions of employment, the requirement that the trainee accountant must comply with the academic progress rule in respect of the accredited post-graduate qualification for which the trainee accountant is enrolled.
- 13.6. In the event of a conflict arising from the terms and conditions of the training contract and the terms and conditions of the employment contract, the terms and conditions of the training contract and the provisions of these Regulations will prevail.
- 13.7. SAICA has no jurisdiction in resolving disputes emanating from the employment contracts and does not become involved in the contractual relationship created by an employment contract. SAICA therefore does not prescribe salaries, study leave or other terms and conditions of employment for trainee accountants (refer also Regulation 29.8). SAICA's guidelines on such matters, as may be issued from time to time, are not prescriptive.

- 15.3. Where, after expiry of the probationary period, the trainee accountant enters into a training contract with the training office where the probationary period was served, such probationary period forms part of the term of the training contract.
- 15.4. When a person is employed in a capacity other than as a trainee accountant, and he subsequently becomes employed as a trainee accountant, the probationary period, if any, commences on the date on which the person becomes employed as a trainee accountant.

16.3.2. If the trainee accountant completes the qualification referred to in Regulation 16.2.1 or 16.2.2 during the last 12 (twelve) months of the training contract, the remission constitutes the remaining balance of the term of the contract;

16.4. If the trainee accountant completes the qualification referred to in Regulation 16.2.1 or 16.2.2 at any other point in the training contract, the term of the training contract is reduced by 12 (twelve) months.

- 16.5. For purposes of Regulations 16.3.1 and 16.3.2, SAICA will consider the date of the completion of a qualification to be the closer of 30 June or 31 December of any year to the date on which the trainee accountant wrote the final paper to achieve the qualification.
- 16.6. Academic remission may only be granted once under the same training contract.

- 18.3. Where RPL is sought in terms of Regulation 18.1.1, the training officer may, based on his assessment of the trainee accountant against the prescribed competencies, reduce the term of the contract by a period not exceeding the time served by the trainee accountant under the previous SAICA training contract.
- 18.4. Where RPL is sought in terms Regulation 18.1.2, the training officer may, based on his assessment of the trainee accountant against the prescribed competencies, reduce the term of the contract by a period not exceeding 12 (twelve) months.
- 18.5. Temporary periods of employment, including vacation work, are not automatically recognised towards the fulfilment of the term of a training contract, and may be considered by the training officer in terms of Regulation 18.1.2.
- 18.6. RPL is granted at the discretion of the training officer.
- 18.7. Where the training officer declines the trainee accountant's application for RPL, or where the trainee accountant disputes the number of months of RPL granted by the training officer, the trainee accountant may appeal to SAICA within 30 days of being notified of final outcome if, in their view, the training officer has unreasonably withheld his approval or has been unreasonable in the number of months of RPL awarded.

19. SECONDMENT OF A TRAINEE ACCOUNTANT

- 19.1. Secondment means the temporary transfer of a trainee accountant to another organisation for a defined period of time.
- 19.2. During the period of secondment, the trainee accountant must be involved in work that is relevant to the prescribed competencies as determined by SAICA.

- 19.4. Regulations 19.1 to 19.3 do not apply to academic trainee accountants.

- 19.5. The training officer must remain responsible for the trainee accountant, regardless of whether or not the trainee accountant reports to the training officer during the period of the secondment, and the training officer remains responsible to ensure that the trainee accountant is assessed as prescribed by SAICA.

20. SUSPENSION OF A TRAINING CONTRACT

- 20.1. The training officer and the trainee accountant must apply for the suspension of a training contract via TCMS, and they must include with the application the supporting documents prescribed by SAICA.
- 20.2. The training officer and the trainee accountant must record the application for suspension on TCMS within 30 (thirty) days after the commencement of the suspension.
- 20.3. The permissible grounds for the suspension of a training contract are:
- 20.3.1. full-time study for a period of more than two months but no more than a total of 12 (twelve) months over the total term of the training contract towards the achievement of an accredited degree, an accredited bridging programme or an accredited post-graduate qualification;

- 20.6. Within 30 (thirty) days after a trainee accountant has returned to the training office after an approved suspension of a training contract, the trainee accountant must apply for the return from suspension and the training officer must approve the return from suspension via TCMS reflecting the exact period that the trainee accountant was absent from the training office. The end date of the training contract is automatically adjusted accordingly.
- 20.7. During the period of the suspension of the trainee accountant's contract, the trainee accountant remains subject to all the provisions of these Regulations, including, for 20.3.1 the academic progress rule, but the trainee accountant is not required to complete any assessment forms during this period.
- 20.8. SAICA does not record suspensions for periods of absence of 2 (two) months or less in total over the entire term of the training contract and applications for suspension in respect of such periods of absence are not required.

21. CANCELLATION OF A TRAINING CONTRACT

Cancellations that attract a cancellation penalty

General cancellation

- 21.1 The training officer **must** cancel the training contract immediately if the trainee accountant:
- 21.1.1. is no longer studying for a course that will eventually lead to an accredited degree or an accredited bridging programme. This includes circumstances where:
- a. a trainee accountant is unable to gain admission in the next academic year to continue to study towards an accredited degree or an accredited bridging programme, or

- b. where a trainee accountant fails to sit for an examination or any examination paper related to an accredited degree or an accredited bridging programme without a reasonable explanation, acceptable to the training officer, unless the trainee accountant is taking academic recess in terms of Regulation 22;
- 21.1.2. does not provide the prescribed proof of enrolment within 10 (ten) months of the effective date of the training contract, in the case of a contract that is registered in terms of Regulation 14.2, unless the trainee accountant is taking an academic recess in terms of Regulation 22;
- 21.1.3. fails to return to the training office after a period of approved suspension of the training contract;
- 21.1.4. is absent from the training office in spite of a decision by SAICA or the training office not to grant an application for the suspension of the training contract;

 - 21.2.1. initiate and/or correctly complete two successive assessment forms within the time frames prescribed by the training office's assessment policy;
 - 21.2.2. achieve all the prescribed competencies by the end of the training contract. (Also refer to Regulation 23.2 and 26.4).

Cancellation due to the academic progress rule:

- 21.3. Should the trainee accountant fail an academic year in an accredited degree or an accredited bridging programme for the first time, the training officer must, within 30 (thirty) days of receiving the trainee accountant's results, issue a written notification to the trainee accountant, informing the trainee accountant that, should he fail the same academic year again in the following year of his training contract, Regulation 21.4 will be applied.
 - 21.3.1. The notification must also outline the options under Regulation 21.4 and be signed by the training officer and the trainee accountant.
 - 21.3.2. Failure by the training officer to issue the notification or failure by the trainee accountant to sign the notification does not negate any of the provisions of this section of the Regulations (Also refer to Templates 1 and 2).
- 21.4. If the trainee accountant fails the same academic year of an accredited degree or an accredited bridging programme for the second time, the training officer must either:
 - 21.4.1. cancel the training contract; or
 - 21.4.2. allow the trainee accountant to continue under the existing training contract for one further academic year (a discretionary year).
- 21.5. Should the trainee accountant still be in contravention of the academic progress rule at the end of the discretionary year referred to in Regulation 21.4.2, the training officer must cancel the training contract, provided that such cancellation does not take place within 6 (six) months from the end of the training contract, in which case the training contract may be discharged, subject to Regulation 24.
- 21.6. The training officer must inform the trainee accountant in writing of which option outlined in Regulation 21.4 has been applied, as well as the reasons for its application.

Disciplinary cancellation (also refer to Regulation 30)

- 21.7. The training officer may cancel a training contract if:
 - 21.7.1. the trainee accountant has been found guilty by SAICA of punishable conduct in terms of SAICA's By-laws; and/or
 - 21.7.2. the trainee accountant is found by the training office to have contravened these Regulations or breached the provisions of the training contract.
- 21.8. SAICA **may cancel or instruct the cancellation** of a training contract if:
 - 21.8.1. the trainee accountant has been found guilty of punishable conduct and/or not fit and proper in terms of SAICA's By-laws;
 - 21.8.2. in the opinion of SAICA, the trainee accountant is disqualified from registration as a CA(SA) or an AGA(SA), despite meeting the other registration requirements; or
 - 21.8.3. the trainee accountant fails to request that the contract be discharged via TCMS within three months after the end date of the training contract.

Entering into a new training contract following the cancellation of a previous contract

- 21.9. Should a trainee accountant wish to continue with his training after his training contract has been cancelled on the grounds contemplated in Regulations 21.1, 21.2, 21.4 or 21.5, the following are applicable:

 - 21.9.4. If a penalty is imposed, trainee accountants have 12 months from the date the penalty is imposed (as reflected on TCMS) to lodge an appeal on reasonable grounds.
- 21.10. In the event that a trainee accountant with a previously cancelled contract enters into a new training contract the trainee accountant will be required, under the new contract, to serve a minimum of 6 (six) months, after remission, penalties and any other adjustments to the term of the contract have been made.

Cancellations that do not attract a cancellation penalty

- 21.11. Notwithstanding the provisions of Regulation 21.9, the penalty on cancellation of a training contract is not imposed in circumstances where the contract is cancelled for the following reasons:
 - 21.11.1. Relocation by the trainee accountant to a place from which he cannot reasonably commute to the existing training office. SAICA has the sole discretion to determine what circumstances constitute relocation. The relocation must arise from circumstances beyond the control of the trainee accountant, and must not result from the voluntary move by the trainee accountant from one training office to another;
 - 21.11.2. Transfer of a trainee accountant between related offices of an accredited training office;
 - 21.11.3. The merger or de-merger of training offices, resulting in the trainee accountant's position being made redundant;

Cancellation of the training contract for purposes of full-time study, provided that, the trainee accountant successfully completes an accredited degree or an accredited bridging programme or an accredited post-graduate qualification between the date on which the previous contract was cancelled and the date on which the new contract was entered into, and that:
- the period between the cancellation date of the original contract and the effective date of the new contract is not less than five months and not more than 24 (twenty-four) months and
 - the trainee accountant does not cancel his training contract for purposes of full-time study more than once at undergraduate level and more than once at post-graduate level.

Administration of cancellations

- 21.12. The training officer, or, where appropriate, the trainee accountant, must apply for the cancellation of the training contract via TCMS, and must include all supporting documents prescribed by SAICA.
- 21.13. The cancellation must be applied for on TCMS within 30 (thirty) days after the date of the cancellation of the training contract.
- 21.14. SAICA may investigate all the circumstances relating to a cancellation and the cancellation of a training contract will only become effective once SAICA has confirmed the cancellation.
- 21.15. Termination of an employment contract automatically leads to the cancellation of a training contract, but the converse does not necessarily have the same effect.

22. ACADEMIC RECESS

- 22.1. Notwithstanding the provisions of Regulations 21.3 and 21.4, a trainee accountant who is studying towards an accredited degree or an accredited bridging programme is permitted to take one recess period of a maximum of 12 (twelve) months from his academic studies, at any point in his contract, with the restriction that only one recess period per contract term is allowed.
- 22.2. The trainee accountant will be exempt from the academic progress requirement during the academic recess period.

3 (three) months and up to a maximum of 12 (twelve) months if the trainee accountant, after having been given exposure to all the relevant prescribed competencies, will not have achieved competence in all the prescribed competencies by the end date of his training contract. (Also refer to Regulations 21.2.2. and 26.4).

- 23.3. Should the trainee accountant achieve the prescribed core experience hours or achieve competence in all the prescribed competencies before the end of the extended training contract period, the training officer may discharge the contract.

 - 24.2.3. achieved the final level of competence in the prescribed competencies.
- 24.3. If the trainee accountant is in possession of an accredited degree, an accredited bridging programme or an accredited post-graduate qualification, SAICA will, upon receipt of proof of the relevant qualification from the trainee accountant, discharge the training contract on TCMS and make a Certificate of Discharge available for download on the TCMS.
- 24.4. If the trainee accountant is not in possession of an accredited degree or an accredited bridging programme, SAICA will neither discharge the training contract nor issue a Certificate of Discharge. Instead, the trainee accountant's contract will be deemed to have been completed but not yet discharged and SAICA will make the Certificate of Completion available for download on the TCMS.

 - a. the training officer; and
 - b. the original assessor (if applicable); and
 - c. the alternative assessor (if applicable)
 - d. a SAICA external moderator; and
 - e. a member of the TPSC.
- 7.2. The SAICA external moderator and the TPSC member bear the responsibility of making the final decision.
- 7.3. The panel will consider the following documents:
 - a. Completed assessment documents;
 - b. Completed Final Assessment Forms;
 - c. Any written comments from the trainee accountant (e.g. background details); and
 - d. Any written comments from the training officer (e.g. background details).

The panel will inform the trainee accountant of its decision within 5 (five) working days after having convened the panel. Should the final decision not agree with the original and second assessment, the external moderator will conduct the summative assessment.

- 7.3 The panel's decision regarding the trainee accountant's appeal will be final.

ANNEXURE 8 REQUIREMENTS FOR SIMULATIONS

1. What is a Simulation?

A simulation is an activity that serves as a replacement for on-the-job experience.

The guidelines for providing simulations, rather than on-the-job experience, are outlined below:

- A simulation must be linked to specific competencies and tasks/learning outcomes in order to clearly demonstrate what is expected and to provide clarity to the trainee as to the purpose of the simulation;
- Simulation must include an assessment of the trainee using the same ratings and assessment documents as the assessments of practical experience and as required by criterion C6 of the accreditation criteria set out in Annexure 2. The rating scale used to assess competence under simulation is the same scale used for practical experience.;
- Ratings obtained for any/all simulations must be captured into a TSR/PSR/LOR and form part of the evidence demonstrating the trainee's ultimate competence at the conclusion of the training contract; and
- As with the assessment of on-the-job experience, feedback must be provided to the trainee regarding their completion of the simulation and any development areas.
- As is often carried out on-the-job, simulations may also include an element of training before the simulated work tasks are allocated and undertaken. Such training would typically constitute the organisation's approach on the tasks being simulated and therefore may take the form similar to that undertaken for, for example, for firm audit methodology training in an audit and assurance environment, where trainees are typically instructed on the firm's approach in completing audit and assurance activities. The duration and extent of such pre- simulation training will be dependent on the training office, taking into account the tasks being simulated, their level of complexity, and the training office's approach to the tasks.

2. Why use Simulations?

The accreditation criteria prescribe that practical experience must constitute the most significant portion of the trainee's learning experience. However, SAICA recognises that a training office may need to supplement on-the-job experience with simulated activities.

3. How do we know if an intervention is a Simulation?

As simulations are replace on-the-job experience, all elements of the simulation should be aligned, as closely as possible, to the manner in which on-the-job experience is provided. In the development of a simulation, or in considering the simulation offerings of a training provider, the training office should therefore consider the following:

- Does the simulation mirror the conditions of the actual work place as closely as possible?
- Given the number of competencies and tasks, is the duration of the simulation (including the assessment) appropriate?
- Which competencies or tasks is the simulation meant to address?
- What is the required level of complexity of the simulated task? This may impact the duration of the simulation.
- Is the simulation designed in such a way that it does not lead the trainee to the "correct" expected answer?

As the simulation must result in an assessment of the trainee, feedback should, as for practical experience, be given on an individual basis. This would have an effect on the number of trainees that a facilitator could reasonably assess considering that the facilitator will be "playing the role" of supervisor (refer to the description of the ratings in the rating scale). In essence, the facilitator must be in a position to judge whether or not the

trainee would be able to perform the simulated task to a the final level of competence in the real (not simulated) world.

Training offices are reminded that a registered assessor retains responsibility for the final signoff of competence for the tasks that are simulated. This applies in all instances i.e. whether presented by a training provider or internally developed.

Very important:

Knowledge is primarily gained in an academic environment, while the development of skills is associated with practical experience (Botha, 2001, p.39). Tests are an assessment of knowledge (knowing that) and not practical experience (being able to) (Botha, 2001, p.38). If the proposed assessment is a test with right and wrong answers, a mark or percentage, it is not a simulation (refer to example below). Training offices may also not consider the content of a trainee's academic qualifications (accredited degree, accredited bridging programme, accredited post-graduate qualification or ITC) as activities that replace practical experience.

A simulation should be of such a nature that, following the completion thereof, evidence has been provided, and captured in a TSR/PSR/LOR, of the trainee "being able to do".

GUIDELINE 1 RECOGNITION OF PRIOR LEARNING

1. Definition

The Recognition of Prior Learning (RPL) is RPL is the process through which the trainee accountant's prior learning (or work experience) is recognised by reducing the remaining term of the training contract after assessment of the trainee accountant against the prescribed competencies.

2. Objective

RPL is a stepping stone to the further development of a trainee accountant and is intended to confer a benefit to the trainee accountant in the form of a remission in the term of his training contract.

3. Legislative context

- 3.1. RPL is a national system and a key principle of the National Qualifications Framework created in terms of the South African Qualifications Authority Act, 1995.
- 3.2. SAICA, as a Recognised Professional Body, is required to facilitate the implementation of RPL in order to open up access and entry into the accounting profession and thereby contribute to redressing past imbalances in accountancy education and training.
- 3.3. The principles of the SAICA RPL policy are:
 - 3.3.1. compliance with the objectives of the National Qualifications Framework and the South African Qualifications Authority guidelines and criteria on assessment;
 - 3.3.2. international comparability;
 - 3.3.3. a consistent approach to the granting of credit;
 - 3.3.4. allowing access to all individuals regardless of gender, race or disability; and
 - 3.3.5. providing RPL credentialing once competence has been proven by means of an assessment process.

4. Applying for RPL

- 4.1. A prospective trainee accountant who wishes to apply for RPL must first enter into a training contract with a training office.
- 4.2. A trainee accountant must apply for RPL on TCMS within 14 months after the effective start date of the training contract.
- 4.3. A trainee accountant that has had a previous SAICA training contract, can apply for RPL for a maximum of the full term of the previous training contract.
- 4.4. A maximum of 12 (twelve) months' RPL may be granted for experience obtained outside of a SAICA training contract.
- 4.5. The training officer must approve the RPL application, on TCMS, if he is satisfied, based on the assessment process per section 5 that there are skills and/or competencies for which prior learning of the trainee accountant may be recognised.

5. Process of assessment for purposes of RPL

- 5.1. The training officer or other registered assessor must assess the trainee accountant's competence.
- 5.2. The trainee accountant may submit to the training officer either a portfolio of evidence of his previous work or any other relevant documentation in support of the application.
- 5.3. The training officer or other registered assessor must determine the level of competence achieved in relation to the competencies prescribed by SAICA.
- 5.4. Based on the levels of competence the trainee accountant has achieved, the training officer must determine the length (in months) of remission to be granted, subject to 5.3, above.
- 5.5. The results of the assessment of RPL should be documented in the relevant ANA/PDS.

6. SAICA's discretionary powers

SAICA reserves the right to investigate any RPL decision by the training officer and may in its sole and absolute discretion amend the training officer's RPL decision.

GUIDELINE 2 THE ACADEMIC PROGRESS RULE

1. INTRODUCTION

- 1.1. The training office serves as the practical training ground for prospective CAs(SA) and AGAs(SA). Many of these prospective CAs(SA) and AGAs(SA) are still completing their studies while working for the training office. Not passing these examinations creates several problems for both the trainee accountant and the training office, including, inter alia, the following:
 - 1.1.1. It limits the degree of responsibility that a trainee accountant can assume during his training contract;
 - 1.1.2. Providing time off for trainee accountants to study for and write tests and examinations is costly for the training office; and
 - 1.1.3. Trainee accountants are not able to focus fully on the development of their practical competencies if they also have to study for and pass examinations.
- 1.2. Trainee accountants are therefore expected to demonstrate a commitment to their studies through the achievement of sufficient academic progress, in the form of adhering to the academic progress rule.
- 1.3. These guidelines are issued to assist training officers in determining what constitutes “sufficient academic progress” and to provide guidance on procedures that should be followed where sufficient academic progress is not achieved.
- 1.4. Regulation 21 of these Regulations contains the following statements pertaining to the cancellation of a training contract on the basis of insufficient academic progress:
 - 21.3 *Should the trainee accountant fail an academic year in an accredited degree or an accredited bridging programme for the first time, the training officer must, within 30 days of receiving the trainee accountant's results, issue a written notification to the trainee accountant, informing the trainee accountant that, should he fail the same academic year again in the following year of his training contract, Regulation 21.4 will be applied.*
 - 21.4 *If the trainee accountant fails the same academic year of an accredited degree or an accredited bridging programme for the second time, the training officer must either:*
 - 21.4.1 *cancel the training contract; or*
 - 21.4.2 *allow the trainee accountant to continue under the existing training contract for one further academic year (a discretionary year).*
 - 21.5 *Should the trainee accountant still be in contravention of the academic progress rule at the end of the discretionary year referred to in Regulation 21.4.2, the training officer must cancel the training contract, provided that such cancellation does not take place within six months from the end of the training contract, in which case the training contract may be discharged, subject to Regulation 24.*
 - 21.6 *The training officer must inform the trainee accountant in writing of which option outlined in Regulation 21.4 has been applied, as well as the reasons for its application.*

2. DEFINITION OF ACADEMIC PROGRESS

- 2.1. Academic progress is defined as “the satisfactory completion of all or sufficient subjects to enable a trainee accountant to make one further year of academic progress towards the completion of an accredited degree or accredited bridging programme. The trainee accountant must achieve at least one year of academic progress during any two calendar years.”.
- 2.2. An accredited post-graduate qualification, the ITC and the APC are specifically excluded from this definition. However, the training office may make enrolment for and continued academic progress in an accredited post-graduate qualification a condition of the trainee accountant's employment in terms of Regulations 13.4 and 13.5.

- 2.3. Academic progress is measured by a trainee accountant's passing of the examination(s) of the education institution for which he is currently registered and cannot be achieved merely by transferring to another education institution.

3. PRACTICAL APPLICATION OF THE RULE

- 3.1. Trainee accountants studying at an undergraduate level are often unable to complete the equivalent of a full academic year during one calendar year and will therefore generally not make academic progress after one year. They, in most cases, require at least two years to make academic progress.
- 3.2. Assuming that the trainee accountant registers with an education institution for first-year modules during the first year of his training contract, this trainee accountant must, as a minimum, achieve the following in order to comply with the academic progress rule:
- 3.2.1. At the end of the *second year* of his contract, he must have passed ALL his first-year modules as prescribed by the relevant university. If he fails to meet this requirement, he will have made insufficient academic progress and the training officer will need to consider his options in terms of Regulation 21.4.
- These options include:
- a. Cancelling the trainee accountant's contract; or
 - b. Allowing the trainee accountant to continue with the third year of his training contract (a "discretionary year") during which he will attempt to pass any remaining first-year modules. Should the trainee accountant not have passed all his first-year modules at the end of the discretionary year, the training officer **must** cancel the training contract, provided that such cancellation does not take place during the last six months of the training contract.
- 3.3. Assuming he took 2 (two) calendar years to successfully complete his first-year modules, at the end of the fourth year of the trainee accountant's contract, he must by then have passed ALL his second-year modules.
- 3.4. If a trainee accountant had completed all his first year modules by the end of the discretionary year, he **must then** pass **all** his second-year modules by the end of the fifth year of his contract. If he fails to meet this requirement, the training officer again has two options:
- 3.4.1. Cancelling the trainee accountant's contract; or
- 3.4.2. Allowing the trainee accountant to continue with the fifth year of his training contract while completing the remainder of his second-year modules.
- 3.4.3. Should the trainee accountant fail to pass these credits by the end of the discretionary year, the training officer **must** cancel the contract provided that such cancellation does not take place within six (6) months from the end of the training contract. If the latter is the case, the training contract may be discharged, subject to Regulation 24.
