

Debt Mediation:

We do not follow a Debt Review process. You will therefore not be placed under Debt Counselling or Administration. Our process is a voluntary distribution program; therefore a court order is not issued.

Please keep in mind

That **if your loan application is declined**, with all the companies, you applied with, it is not the end of the world, **there is hope**.

Does your monthly instalment take over your living expenses????

We have a solution for you on all your debt (excluding home, car and cell phone contracts)

What we do is to reduce all your monthly instalments with a maximum of 40%.

If you have reduced monthly instalments to pay, then you can have more money available for living expenses.

With this solution, you only payback 1 instalment to ALL your creditors.

No creditor garnish your pay and we even prevent them from putting judgements on your name.

No creditor will be in contact with you again, so no calls from creditors to you. We deal with all of them

We really are here to improve your ITC score so you can apply for credit in future if you want to on this program and your affordability will allow it.

Please find attached application form for a free obligation quote.

Please send the application with

- 1 latest payslip
- 2 copy of id
- 3 proof of address

Hope to hear from you soon
